

Looking for bright sparks

Technical Apprenticeships with L-3 TRL

Help set the standard in leading-edge technology developments that can make a real difference to international security. With L-3 TRL, you could make a vital contribution to our sophisticated communications solutions that help safeguard people and information worldwide from terrorist threats.

We deliver innovative, proven technology in Force Protection, Information Assurance and Intelligence, Surveillance and Reconnaissance (ISR) to governments and defence agencies.

Based in Gloucestershire, L-3 TRL has a reputation for technical excellence with a strong commitment to satisfy our customers' needs.

We are looking for enthusiastic individuals who are keen on and have a basic concept of Electronics, Mechanical Engineering or Computer Science. Some of your hobbies might include team sport or a project where you will be able to demonstrate that you have set personal goals, focused on achievement and maintained attention to detail.

You will have gained strong results in GCSEs with a minimum of grade B in Maths, English and a related Science subject. Good IT skills would also be advantageous.

"My apprenticeship with L-3 TRL has enabled me to combine hands-on experience with my college studies and get paid at the same time. I didn't want the debt that university brings so this was a better alternative for me. I'm able to do my own work with my colleagues always close by to give me help and support when I need it. The culture at L-3 TRL is really friendly, not at all intimidating and I would definitely recommend the apprenticeship scheme to others." Nik Bradley, Technical Apprentice.

If you are interested in finding out more about our Apprenticeship scheme, please apply via email to: recruit.tri@L-3Com.com attaching your CV. Alternatively, apply by post to the Human Resources Department at the address below.

Closing date for applications is 4 March 2011.

L-3 TRL is an equal opportunities employer. We encourage diversity and welcome applications from all areas of the community.
